Did you get your dog from a breeder? (Y/N)

What type of socialisation did you do and did you have any difficulties? E.g. exposure to sounds, smells, novel items, locations, other dogs, people etc.

If yes, what rescue are they from and do you know anything about their history prior coming to you?

# **MEDICAL HISTORY**

Does your dog have any ongoing medical issues of note e.g. allergies, ear issues, sensitive stomach, prone to diarrhoea or vomiting, any limping/gait changes (the appointment will also include a gait analysis) or previous trauma. If yes please elaborate in the box provided.

#### Please rate your dogs faecal consistency on the chart below:

What do you feed your dog?

### **BEHAVIOUR**

Using the box provided please can you describe the behaviour/behaviours that your dog is displaying e.g. barking at people.

When did the issue start, how long has it been going on for and has it worsened over that time period?

Have you sought help from any other professionals regarding this issue e.g. other vets, dog trainers or a behaviourist? If yes what did they suggest and did this help?

## **DAILY ROTUINE**

What does a normal day for your dog currently look like, please outline a rough timeline below:

Does your dog have any "hobbies" e.g. scent work, agility, trick training, hoopers etc?

How much sleep does your dog roughly get per day? Do they have any issues settling or staying asleep?

Do you do any enrichment with your dog? If yes what types of things do you do? Do you play with your dog? And what types of games/play do they enjoy? (this can include with humans or with other dogs)
